HSSWLC Single Wall Light and HSTWLC Twin Wall Light in Chrome with 25W G9 halogen lamps

Installation:

- 1 Ensure mains supply is switched off before undertaking any installation or maintenance work.
- 2 Before drilling fixing holes, establish the direction of buried cables so that damage to concealed building wiring can be avoided.
- 3 This luminaire must be mounted directly to the wall.
- 4 Drill appropriate fixing holes. Direct wires through cable entry in the centre of the plastic base and fix the base to the wall.
- 5 Connect wires brown (or red) to L, blue (or black) to N and earth to E. Then, fix the fitting to the mounting bracket ensuring that the pull cord operation does not foul, insert lamp and fit diffuser
- 6 To replace lamp, switch off fitting and remove cover to access lamp. Fit replacement lamp and replace diffuser.

Note: Fitting becomes hot quickly when in service, allow to cool before touching!

Attention: Do not operate lamps without diffuser in place.

Replace any cracked or damaged diffuser cover

Technical specifications:
